Chazelles has created this unique and largest corner fireplace actually available on the Australian market for an installation on a right corner of a room. This fireplace is designed with the unique Chazelles's Dual opening door system: the 2 doors open laterally or both doors slide up out of view at the same time creating the atmosphere and ambiance of an open fire. Just the best quality system available operating up and down with only one finger!

Excellent efficiency and heating the D1000 VAG is a unique work of art and a fabulous eye catching fireplace designed to complement your home interior.
