## Wood Firebox

The 2R90 is a striking three-sided wood burning fireplace that combines architectural presence with impressive heating performance. Designed to showcase the beauty of the flame from multiple viewpoints, it creates a captivating centrepiece while filling the home with the rich warmth and ambience only a real wood fire can provide. Perfect for modern interiors, the Designer 2R90 offers a refined balance of premium design, strong heat output and everyday comfort, making it as practical as it is visually impressive.
